### HIGHLIGHTS Of JUNE MEMBERSHIP MEETING

The Perez. welcomed everyone to the meeting. There was one guest, Mike Miller a former member of KCAM. Mike is thinking about rejoining.

**Field Report** (Nick Nicholson.) Nick discussed the break in which our weed whacker and leaf blower were stolen again. These items will not be replaced; members will bring their own when the field needs to be trimmed. Nick did purchase new keyed locks for the sheds that are a little bigger. Nick said that the field belongs to all the members, so if you see something wrong and need to call the police, then call the police. Don't wait until you get home and call another club member. Yes, you may call a board member or someone else to ask for suggestions, but please take some responsibility.

### The Pres

The club will be participating in the Felton Family Days again this year which is in September sometime. John Opsitnik noticed last year that people giving away popcorn always had a crowd around. So John tracked down the use of a popcorn machine from the Harrington MMC and would like permission to buy bags and popcorn. The bags would have club information printed on them which would cost about \$150.00 for 1000 bags. We would need another \$150.00 for the popcorn and other items. The bags would not have a date on them so we could use them at other events in the future. In fact it was kind of promised that we would do Harrington Days for the use of the machine. John was also looking into Milford Days as well. All of these events give great exposure for our club. We will have more discussion on these events as they get closer. A motion was made, seconded and voted on to spend up to \$300.00 for the bags and popcorn. Don will check about the power in Felton.

## News Editor/Contest Director

Stu reported that the Club is sanctioned by AMA for our Open House. Stu asked about a PA system. The Club's was stolen from the shed last year. Stu will check on some prices for a new one, and report back to the Board. Stu also suggested members take the time and reread the AMA and KCAM safety rules.

### Safety Report (Keith Melvin)

Keith reported that the new medical kit is in the shed and the new handicapped parking signs are up. Please respect these parking areas. If anyone uses supplies from the medical kit, please let someone know so it can be restocked.

Don presented Lee Messick with his Modeler of the Year Plaque for 2006 which he did not receive at the awards dinner.

Bill Judd asked for some money on putting pavers at the second walk through gate going into the pit area. He said 15 pavers at \$1.26 would be the cost. Bill was authorized to get the pavers. Thanks Bill.

We wish Bob Watson and Charlie Sterner a full and speedy recovering from their knee surgeries.

Keith Melvin won the 50/50. Congratulations Keith.
